

Our Mission...

Is to raise the standards of home care for seniors by improving their lives through the nurturing of their mind, body, and spirit.

Our Caregivers...

Are naturally loving, caring, nurturing, honest and trustworthy individuals who have exhibited a life-long trend towards taking care of seniors and other members in their community. They are Certified Caregivers and CNA's who have passed our extensive criminal record, background and DMV checks. They are all certified in CPR and First Aid.

As your companion they will share in your joys and sorrows, accomplishments and achievements, and be your partner in living a better quality of life.

Your Advocate...

As individuals age and health conditions change, it is vital that their care adjusts with them. Our staff assists in coordinating a comprehensive individualized care plan for each person including the ability to represent and advocate for the fluctuating medical needs of each client.

VA Benefits...

We can assist you in applying for the Aid & Attendance benefit.

This benefit is available for veterans, their spouse or widow/widower in need of non-medical home care.

Loving Arms Elder Care

Founder, Aimee Read learned firsthand how difficult it was to find exceptional caregivers when caring for her 92 year old grandfather.

It was challenging to find home care agencies that were able to provide caregivers who were compassionate, skilled and willing to go beyond the expected to meet the unique needs of her grandfather.

This was such a powerful and meaningful experience for Aimee that she decided to dedicate herself to helping other seniors and their families.

"Bringing care and compassion home"

A non-medical

home care agency

servicing seniors in Bucks,

Montgomery and

Philadelphia Counties

www.LovingArmsElderCare.com

Respite Care

We can provide you with the opportunity to take a break and rejuvenate your energies by meeting the physical, social and companion needs of your loved one while you're away.

Personal Care

Our caregivers provide assistance with activities of daily living such as bathing, dressing, transferring, eating, and medication reminders as well as hand & foot massage.

Exercise & Fitness

Our clients receive an individualized exercise and fitness plan. This includes walking, range of motion exercises, or stretching.

Activities

We develop and facilitate activities based on the need, ability, and desire of our clients. This may include reading, playing games, reminiscing, or visiting friends.

Improving the lives of our seniors through the nurturing of their mind, body, and spirit.

Nutrition

We develop and implement a personalized nutrition plan for each client. This may include meal plans, grocery shopping, food preparation, or feeding assistance.

Hospice Care

Caregivers provide the special care and attention an individual needs during their final days making these days as comfortable as possible while honoring an individual's end of life wishes allowing them to meet this final stage of life with dignity.

Light Housekeeping

Dusting, vacuuming, laundry, bathrooms, and kitchens are just some of the daily cleaning tasks that our caregivers provide.

Transportation

We offer transportation services to help you maintain your independence and get you where you want to go.

Bringing care and compassion home!
